Section B: Mathematics

Number Systems

17. Convert 0.625 into a fraction.
18. Find LCM of 18 and 24.
19. A shirt costs $85 after a 20% discount. Find its original price.

Algebra

20. Solve for y: $7y - 4 = 24$
21. Simplify: $6m - 3n + 2m + 5n$
22. Write an equation for: "Five more than triple a number equals 32."

Geometry

23. Calculate the area of a triangle with base 10 cm and height 6 cm.
24. Define a scalene triangle.
25. How many sides does a hexagon have?

Data Handling

26. Find the median of: 12, 15, 18, 21, 24
27. Which type of graph is suitable for comparing quantities?
28. Give one advantage of pictographs.

Measurement

29. Convert 4.8 kilometers to meters.
30. Convert 5000 milliliters to liters.
31. The temperature rises from 15°C to 28°C. Calculate the change.

Section C: Science

Biology

32. Name the largest organ in the human body.
33. How do leaves help plants?
34. Mention one positive effect of bacteria on humans.

Physics

35. Define force.
36. A book rests on a table. Name the force that prevents it from falling.
37. Give one example of a lever in daily life.

Chemistry

38. List three properties of liquids.
39. Explain one difference between a mixture and a compound.
40. Name one alkaline substance.

Environmental Science

41. Suggest one method to conserve water.
42. How do trees help reduce carbon dioxide?
43. Define non-renewable energy.

Section D: Social Studies

Geography

44. Name the highest mountain in the world.
45. Why are legends and symbols used on maps?
46. Give one example of a natural resource.

History

47. Mention one major invention of the Industrial Revolution.
48. Describe one cultural impact of the Ancient Egyptians.
49. Name a famous navigator from the 15th century.

Civics

50. Define “rule of law.”

51. Why is participation in community service important?
52. Give one example of citizen's duty.

Economics

53. Define "income" and "expenditure."
54. Differentiate between goods and services.
55. Mention one product that is commonly imported in your country.

Section E: ICT / Computer Studies

Computer Basics

56. Define output device.
57. Name one example of application software.

MS Word

58. How do you insert a table with 5 rows and 3 columns?
59. Explain the difference between Save and Save As.

MS Excel

60. Write a formula to find the sum of cells A1 to A20.
61. Name one use of filtering data in Excel.

Internet Awareness

62. Define "phishing."
63. Mention one way to protect personal information online.

Section F: Islamiyat

Quran and Hadith

64. Write one Quranic teaching about kindness to parents.
65. Mention a Hadith emphasizing patience.

Aqidah

66. Name one pillar of faith in Islam.
67. Why is belief in angels important?

Worship

68. List one condition for valid fasting.
69. Explain the importance of regular prayers.

Islamic Ethics

70. Give one example of helping neighbors.
71. Why is truthfulness valued in Islam?

Section G: Arts and Music

72. What is shading in drawing?
73. Name one percussion instrument.
74. How can learning scales improve musical ability?

Section H: Health and Physical Education

75. Define endurance in fitness.
76. Name one team sport and its benefit.
77. Suggest one method to maintain dental hygiene.
78. Mention one safety rule in swimming.
79. Explain why cooling down is necessary after exercise.
